SEED MERCHANTS AND GROWERS

104-106 Broadway, Paterson, N. J.

PHONE SHERWOOD 6030

TO OUR MARKET GARDEN FRIENDS:

We take pleasure in sending to you our new Market Garden Catalogue. We do not compete with and are not dealing in cheap, poorly grown Stocks, but aim to supply only Seeds of known purity, produced by careful selection and painstaking care from pedigreed Seed Stock, believing that our seeds are our best advertisement.

This list Cancels All Previous Offers.

All goods in this Catalogue are offered subject to being unsold on receipt of order and the prices are subject to change without notice.

Goods sold to regular customers or parties of approved credit, are due June 1, 1928, without regard to date of purchase.

We will deliver free at prices quoted in this list, by mail, express or freight, at our option, any order amounting to \$10.00 or over.

DISCLAIMER NON-WARRANTY

TETHER & DON give no warranty, express or implied, as to description, quality, productiveness or any other matter, of any seeds, bulbs or plants they send out, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

TETHER & DON.

GILT EDGE, EASY BLANCHING, a strong, fast growing variety of green celery with a long heavy rib, large yellow heart. The stock we offer is home grown seed.

GOLDEN PRIZE, an improvement on the Wonderful or Golden Plume types, bred by us in our trials. It has long rib, a good heart and is a fast grower, making a very desirable strain for an extra early crop, either under glass or in the field. It is a Golden Self Blanching type and has given exceptional good results this past season.

DREYER'S SPECIAL, another strain of the so called Wonderful or Golden Plume, about 10 days later than our Golden Prize, but has a very heavy rib, which is a trifle shorter, and a large golden heart. This strain will produce 10% more crates per acre because of its heavy shoulder and compact stalk which is unsurpassed by any other celery on the market.

TETHER'S SPECIAL FRENCH, NEW STRAIN, or known as the Tall Strain. By careful selection of stock seed we have produced a shorter, a more compact stalk with a much better heart. The foliage is very fine and the best yellow celery to resist blight.

Self Topper Tomato—A pink variety and very productive. Fruits are smooth, globe shape, very solid with very few seeds. Vines will only grow about 2½ feet, a characteristic from which it derives its name. A splendid shipper and a variety used very extensively in the state of Florida. The seed of this variety is grown by us 2.50 6.50 25.00
